

District 6 voter,

October 18,2022

I'll be brief, once again dirty politics and smear campaigns have come to **Orange**. The same status quo, back door insiders who want to deny East Orange residents a voice have attacked me in my race, lying to voters about my pledge not to accept developer contributions. It's an easy pledge to keep. I've worked for only one Orange applicant **and they haven't donated one penny to my campaign.**

While I won't spread their lies here, I do think voters deserve the truth.

Here's the FACTS:

- I am not a paid lobbyist
- All my active clients are outside Orange
- I am not "paid by senior housing developers"
- I am the most experienced and qualified candidate in this race!

All of my supporters donate to me because they share my commitment to proper land use planning and the vision of our campaign to give East Orange residents a voice.

[If you want to stand up to dirty politics and lying PACs, please click here to donate to my campaign today!](#)

Ballots are out, the best thing you can do to help us win is return yours today!

Spread the word! Stop the lies. Vote Adrienne Gladson!
