

WHY I'M RUNNING

I'm running for Council to bring change and give the people of Orange & District 6 a **voice** in community decisions. We have been ignored too long.

I will bring my lifetime of experience, local leadership, and common-sense approach to City Hall. I want to give back and serve this great community that has been my home for over 35 years.

We must raise the bar instead of settling for the same broken status quo. As your representative on the Council, I will fight every single day on your behalf so we can move the city we love forward. I am for:

- Keeping crime low and making public safety the top priority
- Protecting taxpayers, reducing waste, balancing our city budget, and maintaining fiscal responsibility
- Attracting new businesses to Orange by creating a truly business-friendly environment
- Respecting our adopted plans and the value of proper planning.
- Mandating public transparency and streamlining city services
- Ending the divisive rhetoric and personal conflicts that put at risk the strides we've made together as a community
- Establishing a culture that places a premium on community input and engagement
